Please note that the data collection deadlines have been supplied to the Healthcare Commission by the collecting organisation, for example the Department of Health. The enclosed list is aimed to assist trusts in assuring themselves that they have submitted data required for the purpose of performance assessment. The list covers only those data sources to be used in the assessment of performance against existing or new national targets. In all cases, trusts are strongly advised to refer to the collection agency's publication scheme for definitive guidance. Deadlines provided within the collection agencies' publication schemes will, in all cases, supersede dates cited within this list and will be used by the Healthcare Commission as the definitive submission deadlines for returns. It remains the responsibility of the NHS organisation to familiarise themselves with data collection agencies' guidance and collection deadlines, validation and refresh opportunities, where applicable. NHS organisations are accountable for ensuring that relevant material is submitted to agencies within their collection periods.
